PARTNERSHIP BROCHURE

WHO WE ARE

We are ReVOLT EV, a design team based in the University of Calgary focused on the development and innovation of EV vehicles.

Our first project transforms a motorcycle from gas to an electric powertrain, blending sustainability with cutting-edge modernization.

WE FOCUS ON

INNOVATION

PERFORMANCE

SUSTAINABILITY

We prioritize innovation, aiming to implement untested ideas with every project we undertake.

At the forefront of ReVOLT's mission is to compete and produce tangible results from our projects.

The club specializes in the transformation of traditional gasoline-powered vehicles into sustainable electric powertrains.

FUTURE ROADMAP

Our bike is being engineered to compete in both local and international races alongside other universities and industry professionals during the 2026 summer racing season.

WHY SPONSOR US?

Support Innovation & Hands-on Learning

Your sponsorship helps students apply theoretical knowledge to practical challenges, supporting innovation and problem-solving.

Community & Industry Networking

Through club events, technical workshops, and competitions, sponsors can engage with students.

Access to Top Engineering and Business Talent

Gain exclusive access to the resumes of our student members, showcasing their industry-ready skills. Sponsors have the opportunity to host company events to engage with talent.

Connect with Future Industry Leaders

Our club fosters a passion for innovation, design, and technical problem-solving. Sponsors have the opportunity to engage directly with highly skilled students preparing to enter the workforce, including those involved in workshops and events organized in collaboration with ZOO.

Brand Visibility & Engagement

Your company's logo will be prominently displayed on our bike, merchandise, Youtube channel and other promotional materials including additional social media, increasing your visibility among students, faculty, and industry professionals at events, competitions.

THANK YOU!

We appreciate your time and interest in exploring sponsorship opportunities with ReVOLT EV. Your support is invaluable in helping us push the boundaries of innovation, performance, and sustainability in electric vehicle design.

By sponsoring us, you'll be fueling our journey to the WERA Western Eastern Road Racers Motorcycle Sprint Races, where we're turning bold ideas into reality—both in the shop and on the racetrack.

We'd love the chance to work together and build a partnership that benefits both of our organizations. If you're interested in learning more about how you can get involved, our business team would be happy to connect with you. Let's make something incredible happen together!
